

K-LOVE provides notice of community events not provided on other stations. These events would go unpublicized and perhaps, unknown, if K-LOVE is displaced by other programming. Keeping K-LOVE on the air is definitely in the public's best interest! They broadcast only positive, uplifting music and information that is safe for my entire family. It would be a grave disservice to the Oklahoma City area to displace K-Love. Worldly alternatives are NOT acceptable for me or my children.
